### **Attendance Policy**

Students are expected to attend classes as scheduled as they would be expected to be present for work. Unexcused absences and tardiness will be recorded.

Extreme tardiness (more than 1/2 hour late) will be counted as an absence for that class. Students failing to maintain satisfactory attendance will be counseled by the administrator. If attendance fails to improve, the student may be denied Certification of Completion until they can arrange to satisfactorily demonstrate proficiency of the material missed. Highly excessive absence (more than 25% of classroom hours missed) without a valid excuse may be cause for dismissal. Students may arrange to make up work missed due to absence by meeting outside of class with other students, by arranging a private meeting with the instructor (at an additional fee), or by attending the missed class in a subsequent training. Students having been absent are responsible for material covered during the session(s) missed.

### **Leave of Absence Policy:**

Students may take a leave of absence and resume class within three years with no penalty. After three years, previous class time is forfeited and the student must begin the program again.

### **Progress / Grading System:**

Each student will be graded complete or incomplete for each subject in the course outline. Each student must receive a "complete" in each subject before they can receive their Certificate of Completion.

Students making unsatisfactory progress must

repeat class work until they can earn a "complete" grade for that class work. All students are evaluated for achievement with a practical exam at the conclusion of each subject module. A passing grade must be awarded by the instructor in this exam to receive credit for the class

### **Student Conduct**

At the discretion of the school administration, a student may be dismissed from school or placed on probation for serious incident or repeated incident of intoxicated or drugged state of behavior, possession of drugs or alcohol on school premises, possession of weapons on school premises, behavior creating a safety hazard to other persons at school, disobedient or disrespectful behavior to other students, administrator, or faculty member, or any other stated or determined infraction of conduct.

This class fulfills the Ethics class requirement for certification as a Massage Therapist

### **Thai Massage ~ 17 Hours**

Rooted in Ayurvedic, Yogic and Buddhist traditions, Thai massage utilizes gentle rocking, stretching and rhythmic acupressure to deeply open, relax and invigorate the body. It increases range of motion and has a profound and unique healing effect on the recipient.

### **Massage Essentials ~ 39 Hours**

Learn to perform an integrative blend of Swedish effleurage, friction, rocking, trigger points and acupressure techniques, culminating in a masterful full body massage. Focus on specific problem areas while cultivating the ability to discern the perfect depth of pressure. Dana shares her immense knowledge of the body in a way that is easily accessible for all levels of student and professional.

### **Reflexology ~ 13 Hours**

Foot Reflexology is a systemized approach to working the entire body through specific points in the foot. Foot Reflexology invokes deep relaxation and promotes healing in the muscles and organs. The modality is a wonderful addition to any bodywork treatment or can be practiced as a separate modality in situations where full body massage is not indicated. Dana learned Reflexology from her grandmother as a teenager and she brings a deep wisdom and understanding to her teaching.

### **Body Mechanics ~ 9 Hours**

Appropriate body alignment and the skilled use of your own body is crucial to both performing effective work on your client and insuring your longevity as a practitioner. This class will teach you to use your fists, forearms and elbows to work smarter rather than harder to insure a safe and injury free career. This class will facilitate a quantum improvement in the ease and quality of your work.

**Hot Stone Massage ~ 17 Hours**

Learn to utilize powerful hot and cool stone massage techniques in conjunction with Swedish and Deep Tissue Massage. Hot Stone Massage releases tension, accelerates healing, increases circulation and allows you to work deeply with minimum effort.

**Myofascial Release ~ 16 Hours**

Myofascial Release is a gentle yet profoundly powerful bodywork technique for resolving pain and restriction of motion in the body. Learn how to detect and release fascial adhesions that are often the cause of chronic pain and tension that does not respond to other forms of massage.

**Cranio-Sacral Therapy ~ 28 Hours**

Cranio-sacral Therapy consists of gentle, hands-on techniques to address the restrictions that impede the balanced functioning of the cranio-sacral system. Craniosacral Therapy promotes the circulation of cerebral spinal fluid (CSF) in the cranium and the spine, positively influencing the central nervous system, which plays a vital role in every aspect of life.

**Advanced Neck Work ~ 12 Hours**

Deepen your understanding and ability to work effectively and safely with the complex system of the neck. In this class you will exponentially expand your comfort level with neck work and learn release techniques to address both superficial and deep structure of the neck.

**Reiki Certification ~ 15 Hours**

Reiki is a gentle hands on healing technique that helps restore the body to its natural state of balance while harmonizing the physical, emotional and spiritual aspects of the recipient

**Tui -Na ~ 12 Hours**

Tui - Na (pronounced “tway-na”) is a Chinese medical massage style used to treat injuries, joint and muscle complaints and chronic stress-related disorders of the digestive, respiratory, circulatory, and reproductive systems. Tui - Na makes use of rhythmic compression along the energy channels of the body as well as traction, kneading, pulling, rolling, pressing, shaking and manipulation techniques to stimulate the acupressure points and establish a harmonious flow of energy throughout the body. Tui Na acts to reduce pain, stimulate the immune system, and generate a deep sense of relaxation.

**NeuroMuscular Therapy ~ 28 Hours**

Neuromuscular therapy is a comprehensive approach to soft tissue manipulation that consists of alternating levels of concentrated pressure on the areas of muscle spasm. Also known as Trigger Point Release, it is widely recognized as one of the most effective techniques for alleviating pain due to soft tissue imbalance or injury. This class will teach you a variety of treatment protocols for addressing specific common conditions and dramatically increase your effectiveness in working with soft tissue dysfunction, pain and injuries.

**Anatomy, Physiology, Pathology, Kinesiology & Assessment ~ 42 Hours**

This class will cover organization of a massage session, visual, written and range of motion assessment and treatment planning; basic study of anatomy and physiology relevant to massage therapy; concepts of movement and joint, tendon and muscle function; medical terminology and common pathologies. This class is designed to cover the subjects required to prepare you for the MBLEx exam as well as provide a solid foundation of understanding of the body necessary for effective massage therapy.

### **Silent Meditation Retreat ~ 30 Hours**

At Diamond Light we recognize the value of spiritual practice and retreat as an indispensable component in the development of a seasoned healer. In an atmosphere of silence, solitude, meditation and healing, we will engage in a variety of intensive and ecstatic practices designed to free us from our habitual constrictions of identity, enabling us to merge with the Infinite and then re-emerge and resculpt our personal selves to more effectively serve our highest purpose.

### **Hospice Massage 13- Hours**

The goal of this class is to provide students with an understanding of the special tactile needs of dying persons and to present skills, techniques and personal practices for adapting touch and massage into a dying person's care. These skills and practices will assist practitioners to provide a safe and effective touch session throughout a client's dying process; cultivate an understanding of serving as a member of a health care team; achieve more physical comfort at the bedside and clarify feelings concerning death, dying and grief. These teachings may also be incorporated into most bodywork modalities

### **Chair Massage**

This class will incorporate strokes from a variety of modalities including Swedish, Acupressure and Deep Tissue massage to create a powerfully effective chair massage sequence that will enable you to work with clients in a wide variety of onsite settings. Performed with the client fully clothed, chair massage makes massage therapy accessible to many people who might not be comfortable with a table massage, thereby broadening your potential clientele
